## Terry Fox Run

Congratulations and thank you False Creek students, families, and friends! We raised a generous \$3608.65 for the Terry Fox Foundation, a school record. During the campaign I had a conversation with Julie Trant, Isaac and Max Howitt's mother, about what a special hero and role model Terry is for Canada. She was fortunate enough to have met him before he died and she rightly commented that Terry brought cancer into a conversation that was previously hidden. I never fail to get weepy watching, along with

my students, the videos on UTube of his marathon, every single year. It's quite remarkable to think about his often lonely and painful journey at such a young age. I know you all feel the same way, too. Thank you so much for your continued kindness and generosity. Co-Chairs Judith MacPherson and Patty Hill.

## Come Draw With Us!

### The Power of Drawing

Drawing is the fundamental skill of the visual arts that can - and should - be learned by all children.

Young Rembrandts teaches the drawing skills children need while developing learning skills that give children an academic advantage in the classroom.

Young Rembrandts is an art enrichment program that has given the power of drawing to thousands of young artists across the US

and Canada! And now, we're excited to bring that power to the students in **Vancouver, Burnaby and North Shore**

communities!
